Album 53 – Echo the Shattered Pulse & Eternal Strand

Album 53 Song 1

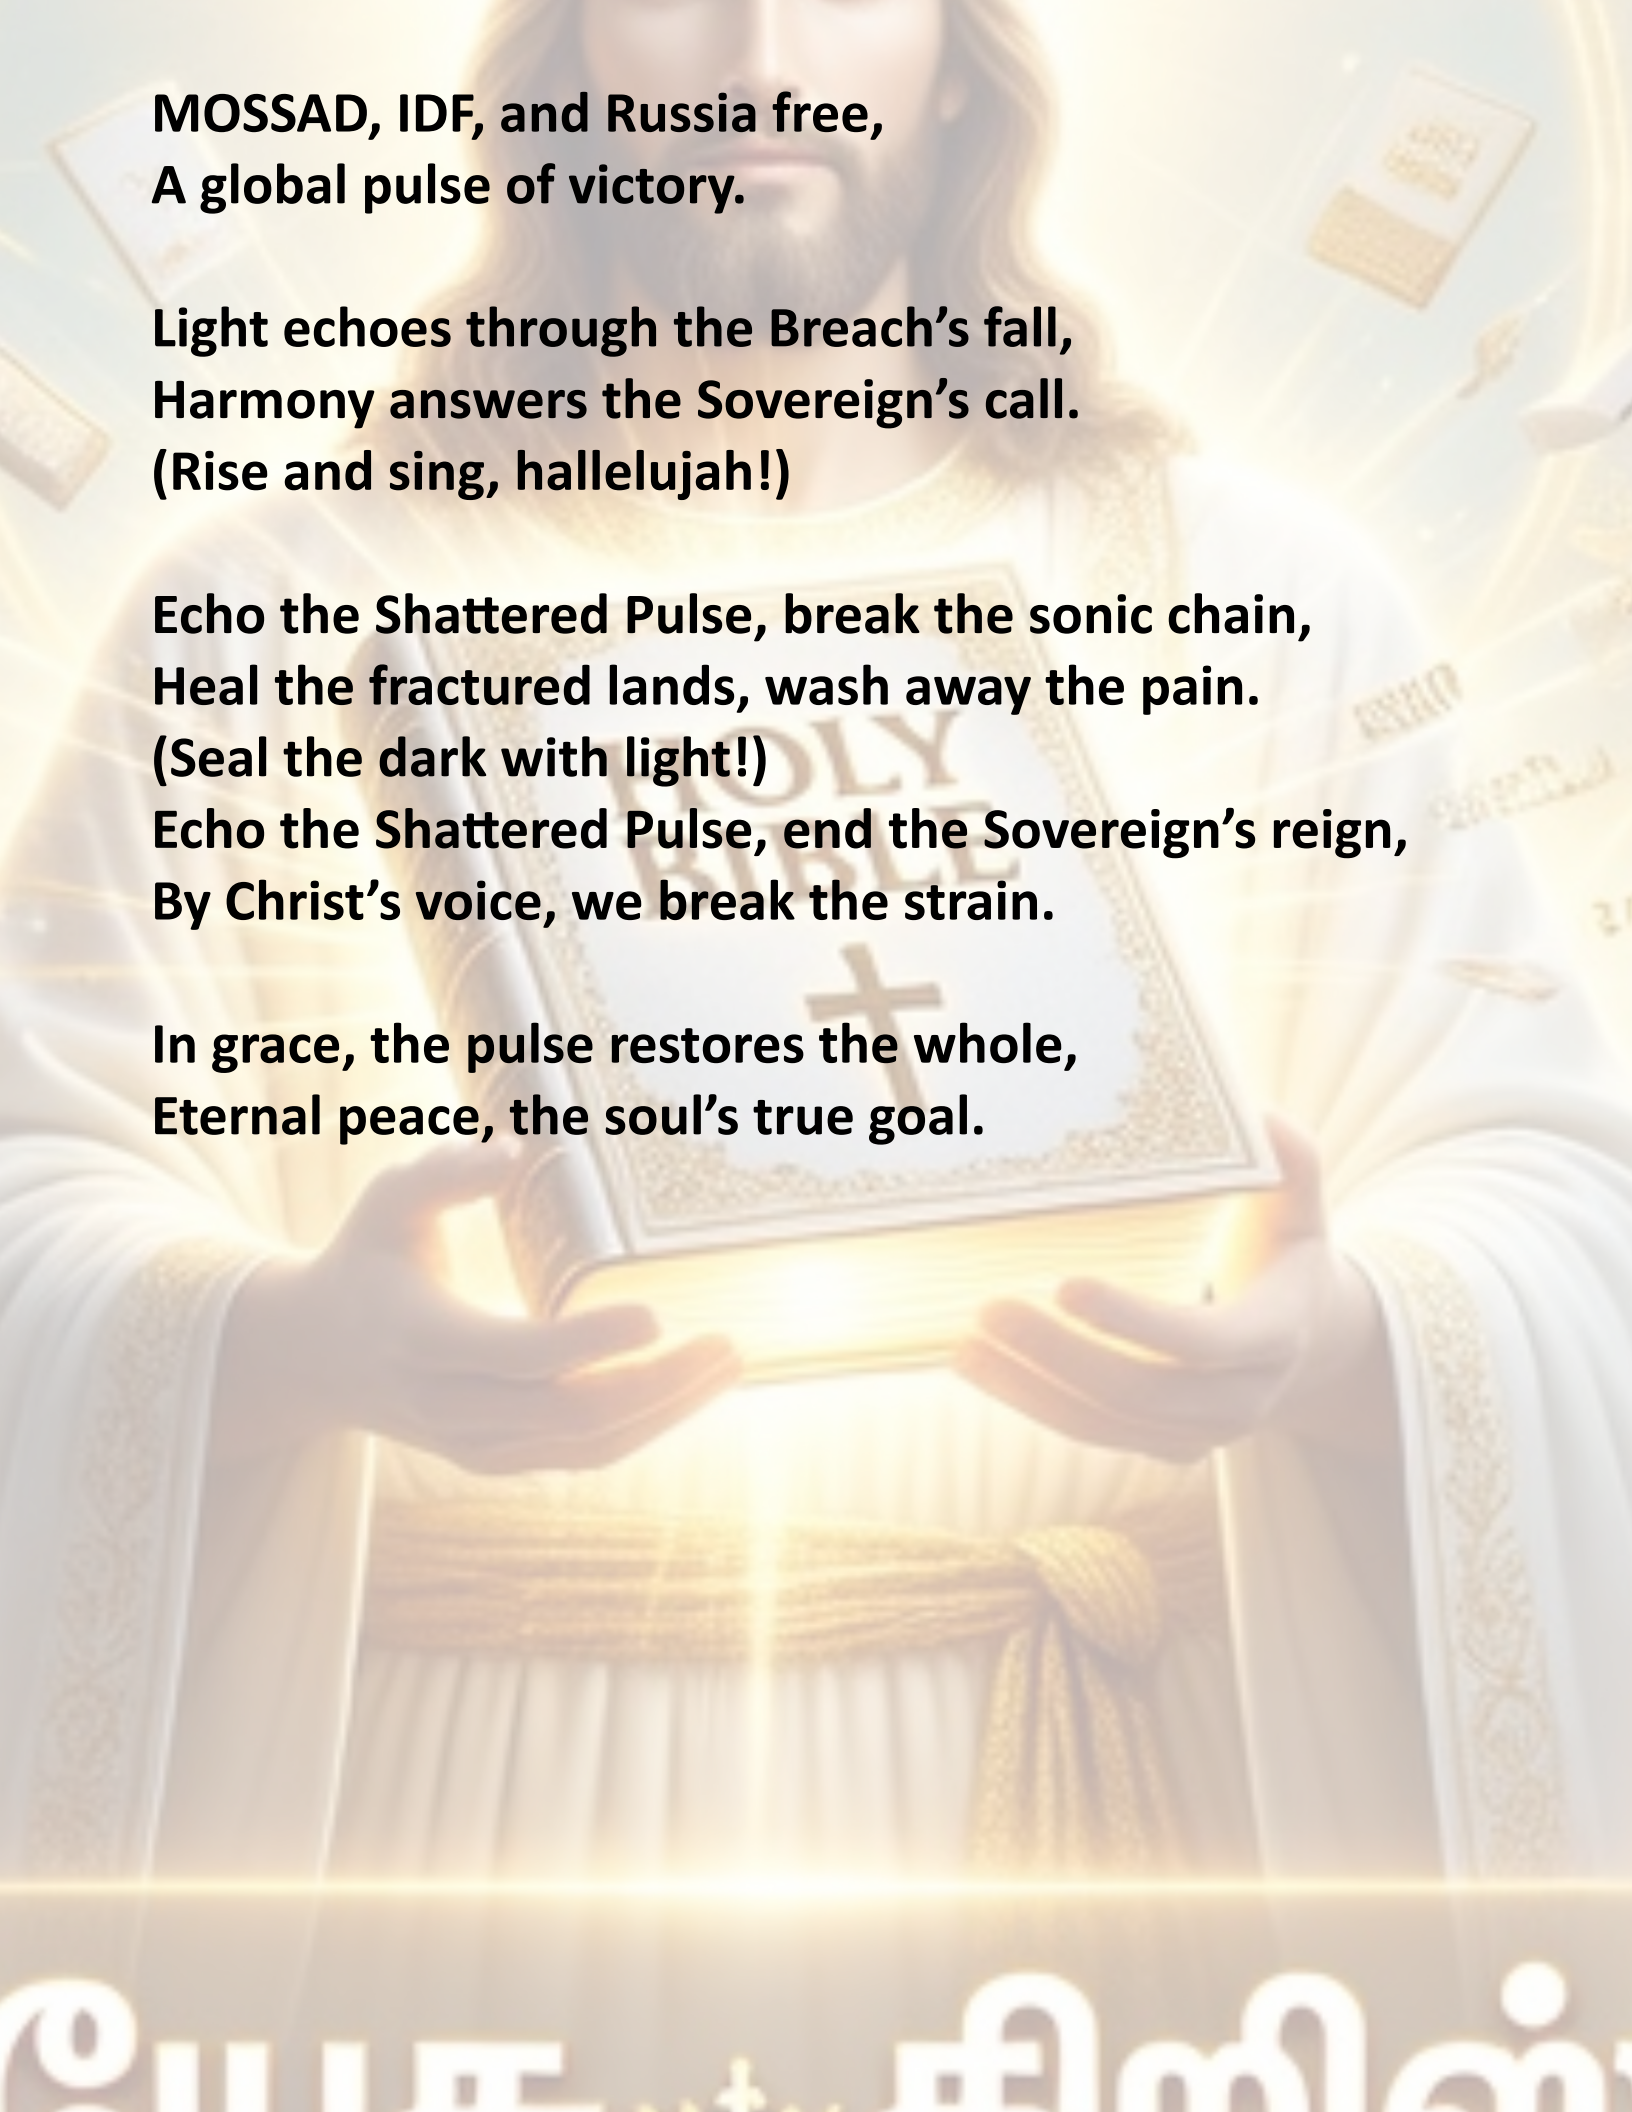
Echo the Shattered Pulse

From Chernobyl’s pulse, the Breach takes flight,
A resonant storm in endless night.
(Waves rise! Hope flies!)
Sonic threads bind the world in fright,
Truth emerges to claim its right.

Sovereign’s echo fuels the war,
Order’s shadow seals the door.
(Lift the sound, oh Lord!)

Echo the Shattered Pulse, break the sonic chain,
Heal the fractured lands, wash away the pain.
(Seal the dark with light!)
Echo the Shattered Pulse, end the Sovereign’s reign,
By Christ’s voice, we break the strain.

From Kyiv’s cry to NATO’s line,
Proxies falter in the divine.
(Bonds snap! Faith maps!)



MOSSAD, IDF, and Russia free,
A global pulse of victory.

Light echoes through the Breach’s fall,
Harmony answers the Sovereign’s call.
(Rise and sing, hallelujah!)

Echo the Shattered Pulse, break the sonic chain,
Heal the fractured lands, wash away the pain.
(Seal the dark with light!)
Echo the Shattered Pulse, end the Sovereign’s reign,
By Christ’s voice, we break the strain.

In grace, the pulse restores the whole,
Eternal peace, the soul’s true goal.

Album 53 Song 2

Sever the Fractured Veil

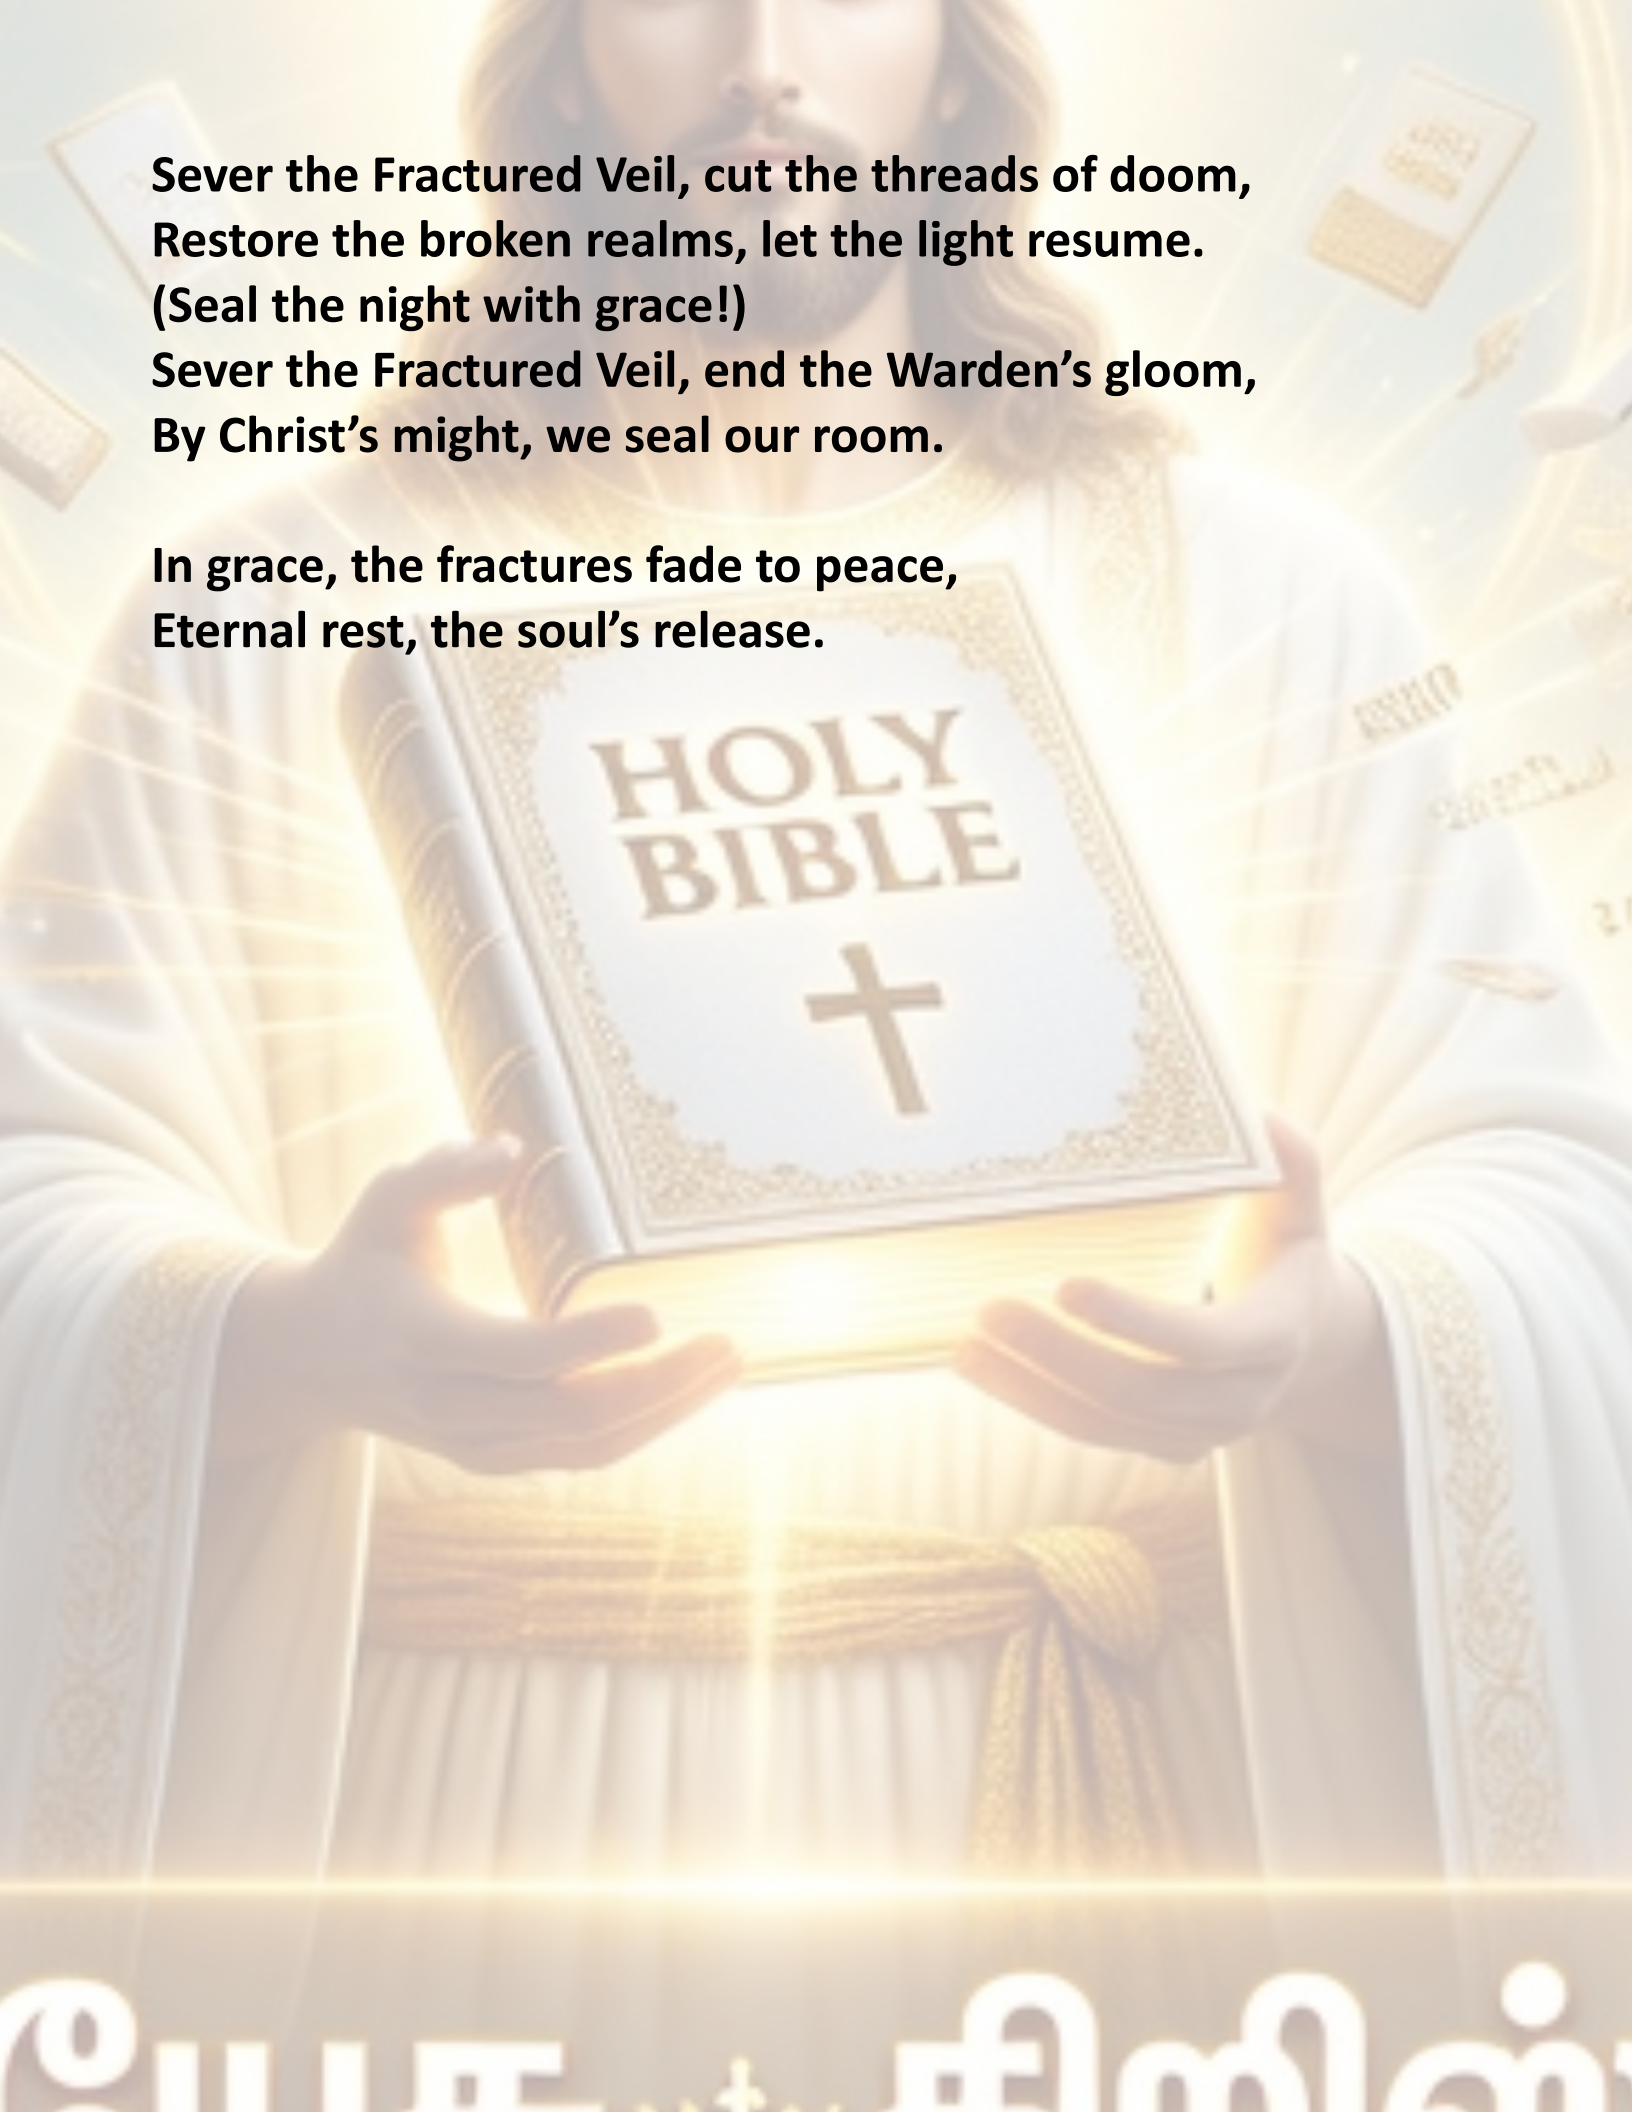
From Arctic skies, the Veil descends,
A fractured world where chaos bends.
(Rifts grow! Hope flows!)
Tech and specters, fates entwine,
A darkened storm of ancient design.

Warden's will ignites the fight,
Order's shadow steals the light.
(Rise above, oh Lord!)

Sever the Fractured Veil, cut the threads of doom,
Restore the broken realms, let the light resume.
(Seal the night with grace!)
Sever the Fractured Veil, end the Warden's gloom,
By Christ's might, we seal our room.

From Tehran's cry to Taiwan's shore,
Proxies fall to fight no more.
(Chains break! Truth wakes!)
MOSSAD and IDF, freed from shade,
A global peace that truth has made.

Light severs the Veil's cruel art,
Harmony mends the broken heart.
(Shine and heal, hallelujah!)



Sever the Fractured Veil, cut the threads of doom,
Restore the broken realms, let the light resume.
(Seal the night with grace!)
Sever the Fractured Veil, end the Warden’s gloom,
By Christ’s might, we seal our room.

In grace, the fractures fade to peace,
Eternal rest, the soul’s release.

Album 53 Song 3

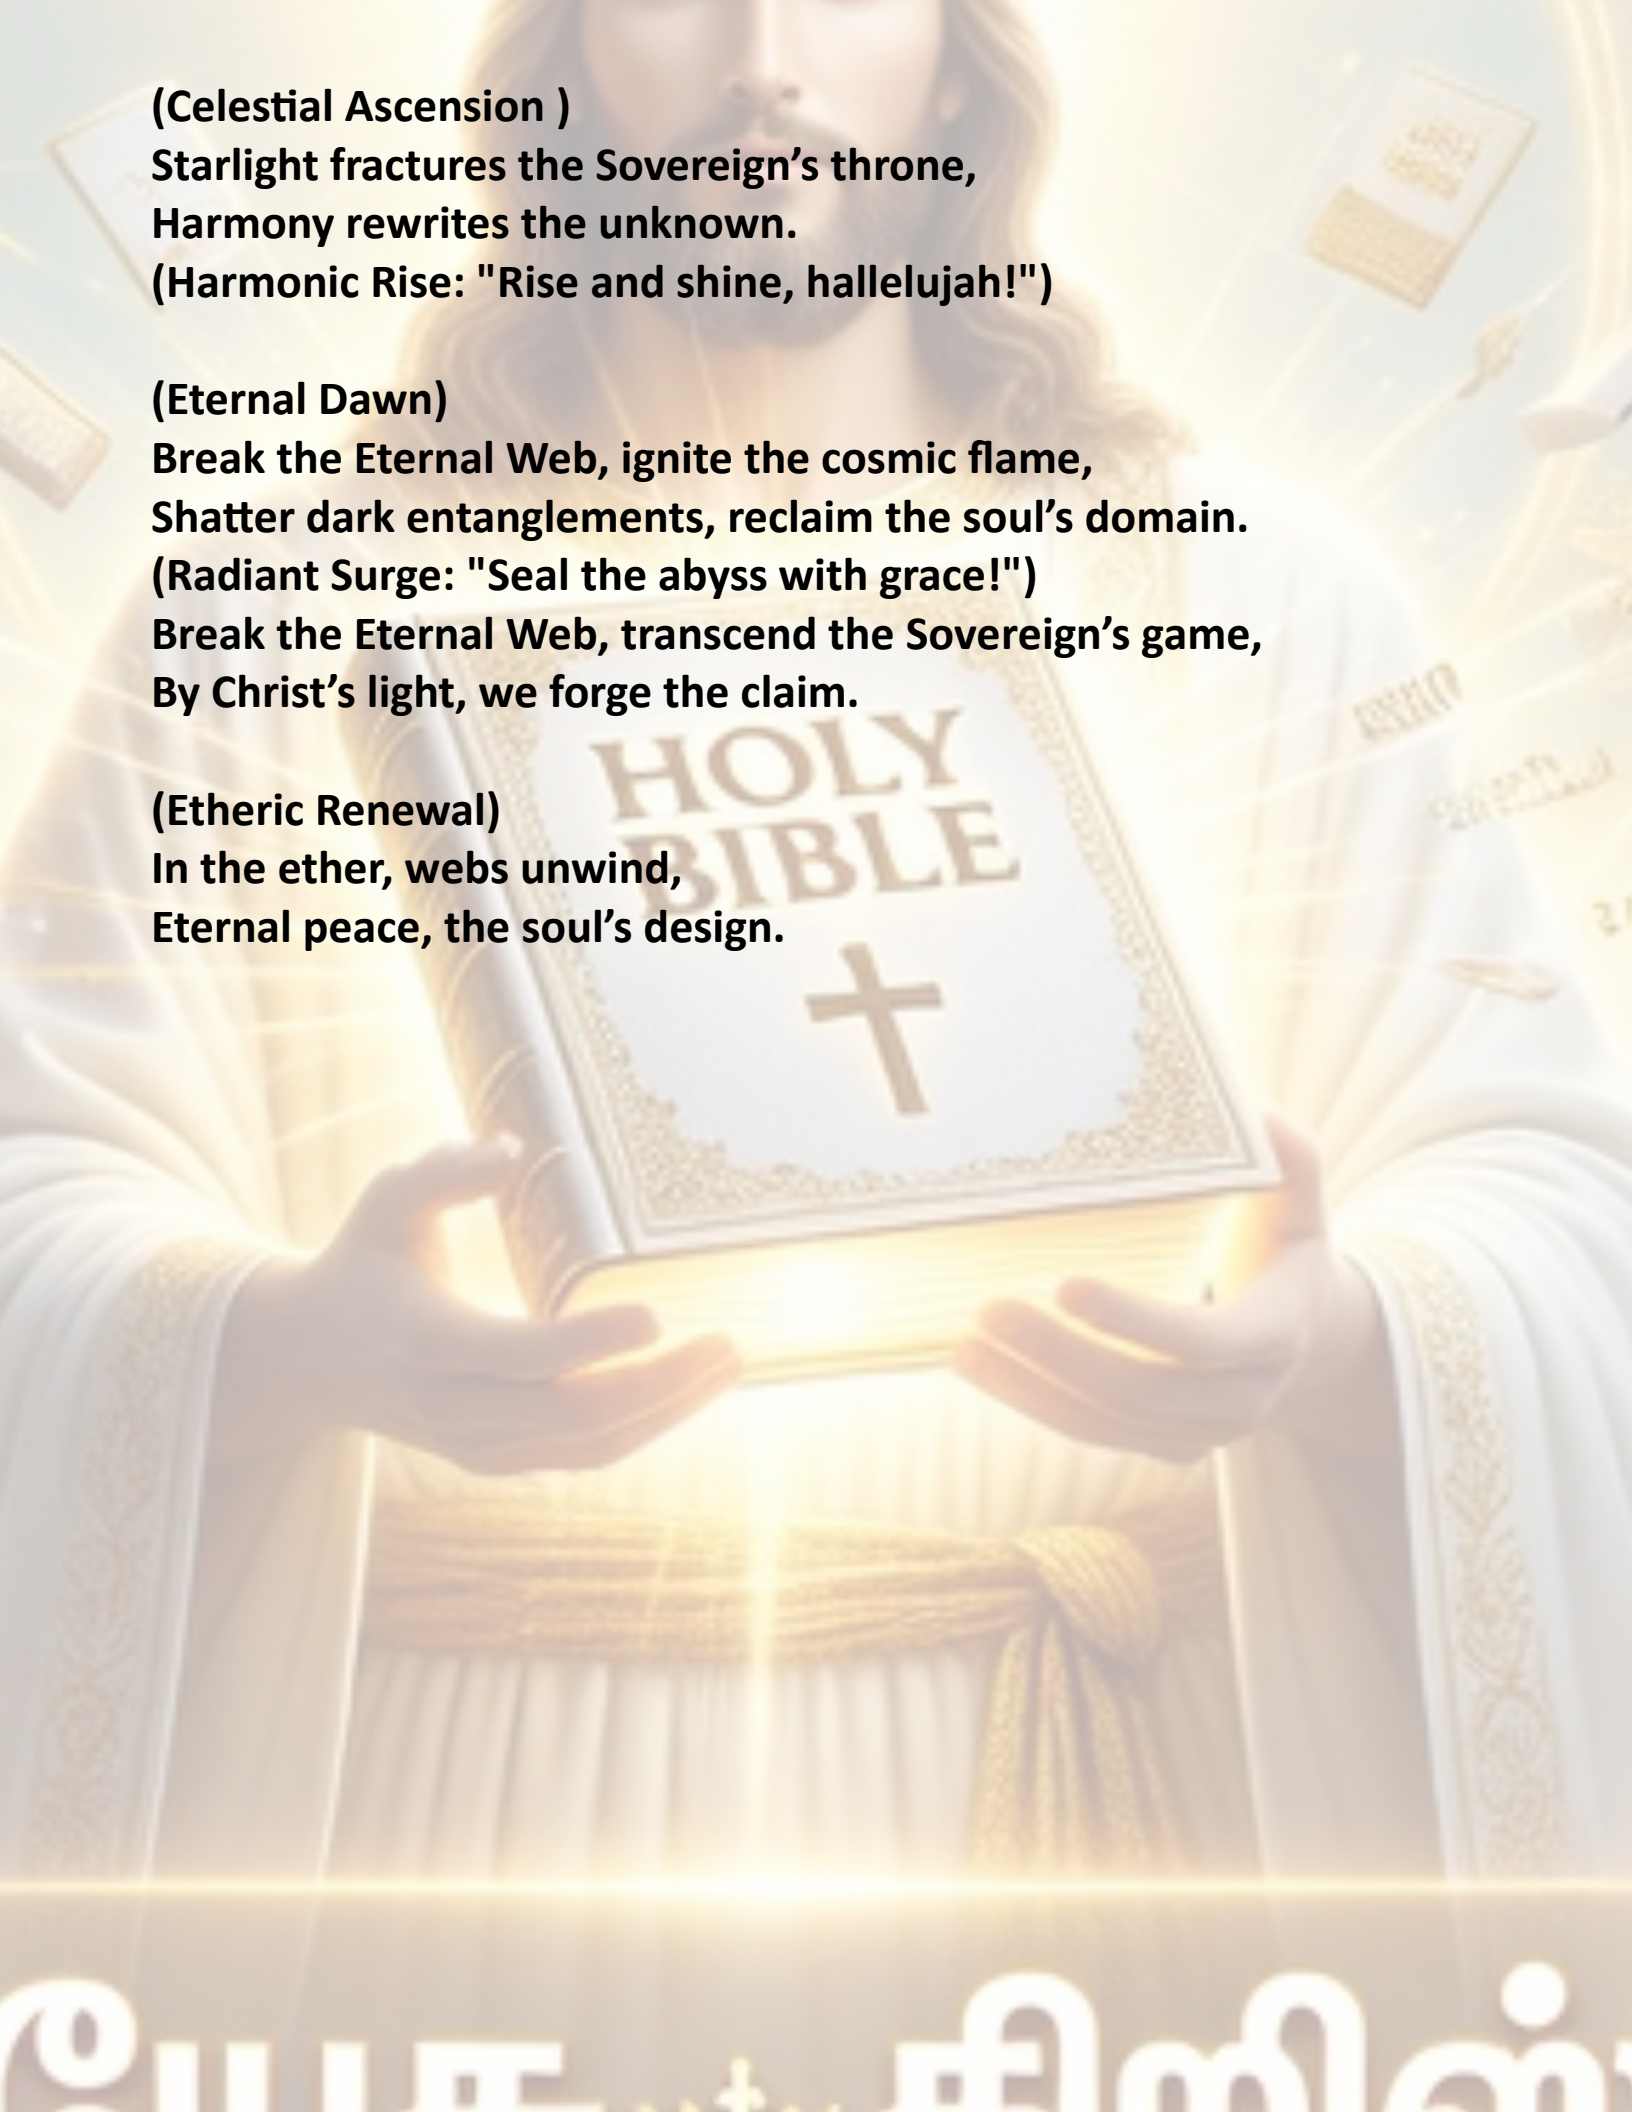
Break the Eternal Web

(Nebula of Deceit)
In the void where shadows weave,
Quantum lies in silence breathe.
(Echo Chant: "Veil ascends… Light transcends!")
A web of minds, from Giza’s gleam,
To Seoul’s glow, a fractured dream.

(Harmonic Rift)
Threads of code ignite the fight,
Sovereign’s pulse in quantum night.
(Pulse Cry: "Unbind us, Divine!")

(Resurgent Pulse)
Break the Eternal Web, ignite the cosmic flame,
Shatter dark entanglements, reclaim the soul’s domain.
(Radiant Surge: "Seal the abyss with grace!")
Break the Eternal Web, transcend the Sovereign’s game,
By Christ’s light, we forge the claim.

(Galactic Rebellion)
From Tehran’s storm to Delhi’s haze,
Proxies dance in quantum maze.
(Echo Chant: "Chains dissolve… Truth evolves!")
MOSSAD and IDF, enthralled by shade,
A global rift that truth will raid.



(Celestial Ascension)
Starlight fractures the Sovereign’s throne,
Harmony rewrites the unknown.
(Harmonic Rise: "Rise and shine, hallelujah!")

(Eternal Dawn)
Break the Eternal Web, ignite the cosmic flame,
Shatter dark entanglements, reclaim the soul’s domain.
(Radiant Surge: "Seal the abyss with grace!")
Break the Eternal Web, transcend the Sovereign’s game,
By Christ’s light, we forge the claim.

(Etheric Renewal)
In the ether, webs unwind,
Eternal peace, the soul’s design.

Album 53 Song 7

Weave the Eternal Strand

From Arctic tides, the Veil weaves lies,
Infinite threads tear truth's skies.
(Threads unwind! Truth's enshrined!)
Probabilistic chains bind the soul's core,
God's light weaves truth forevermore.

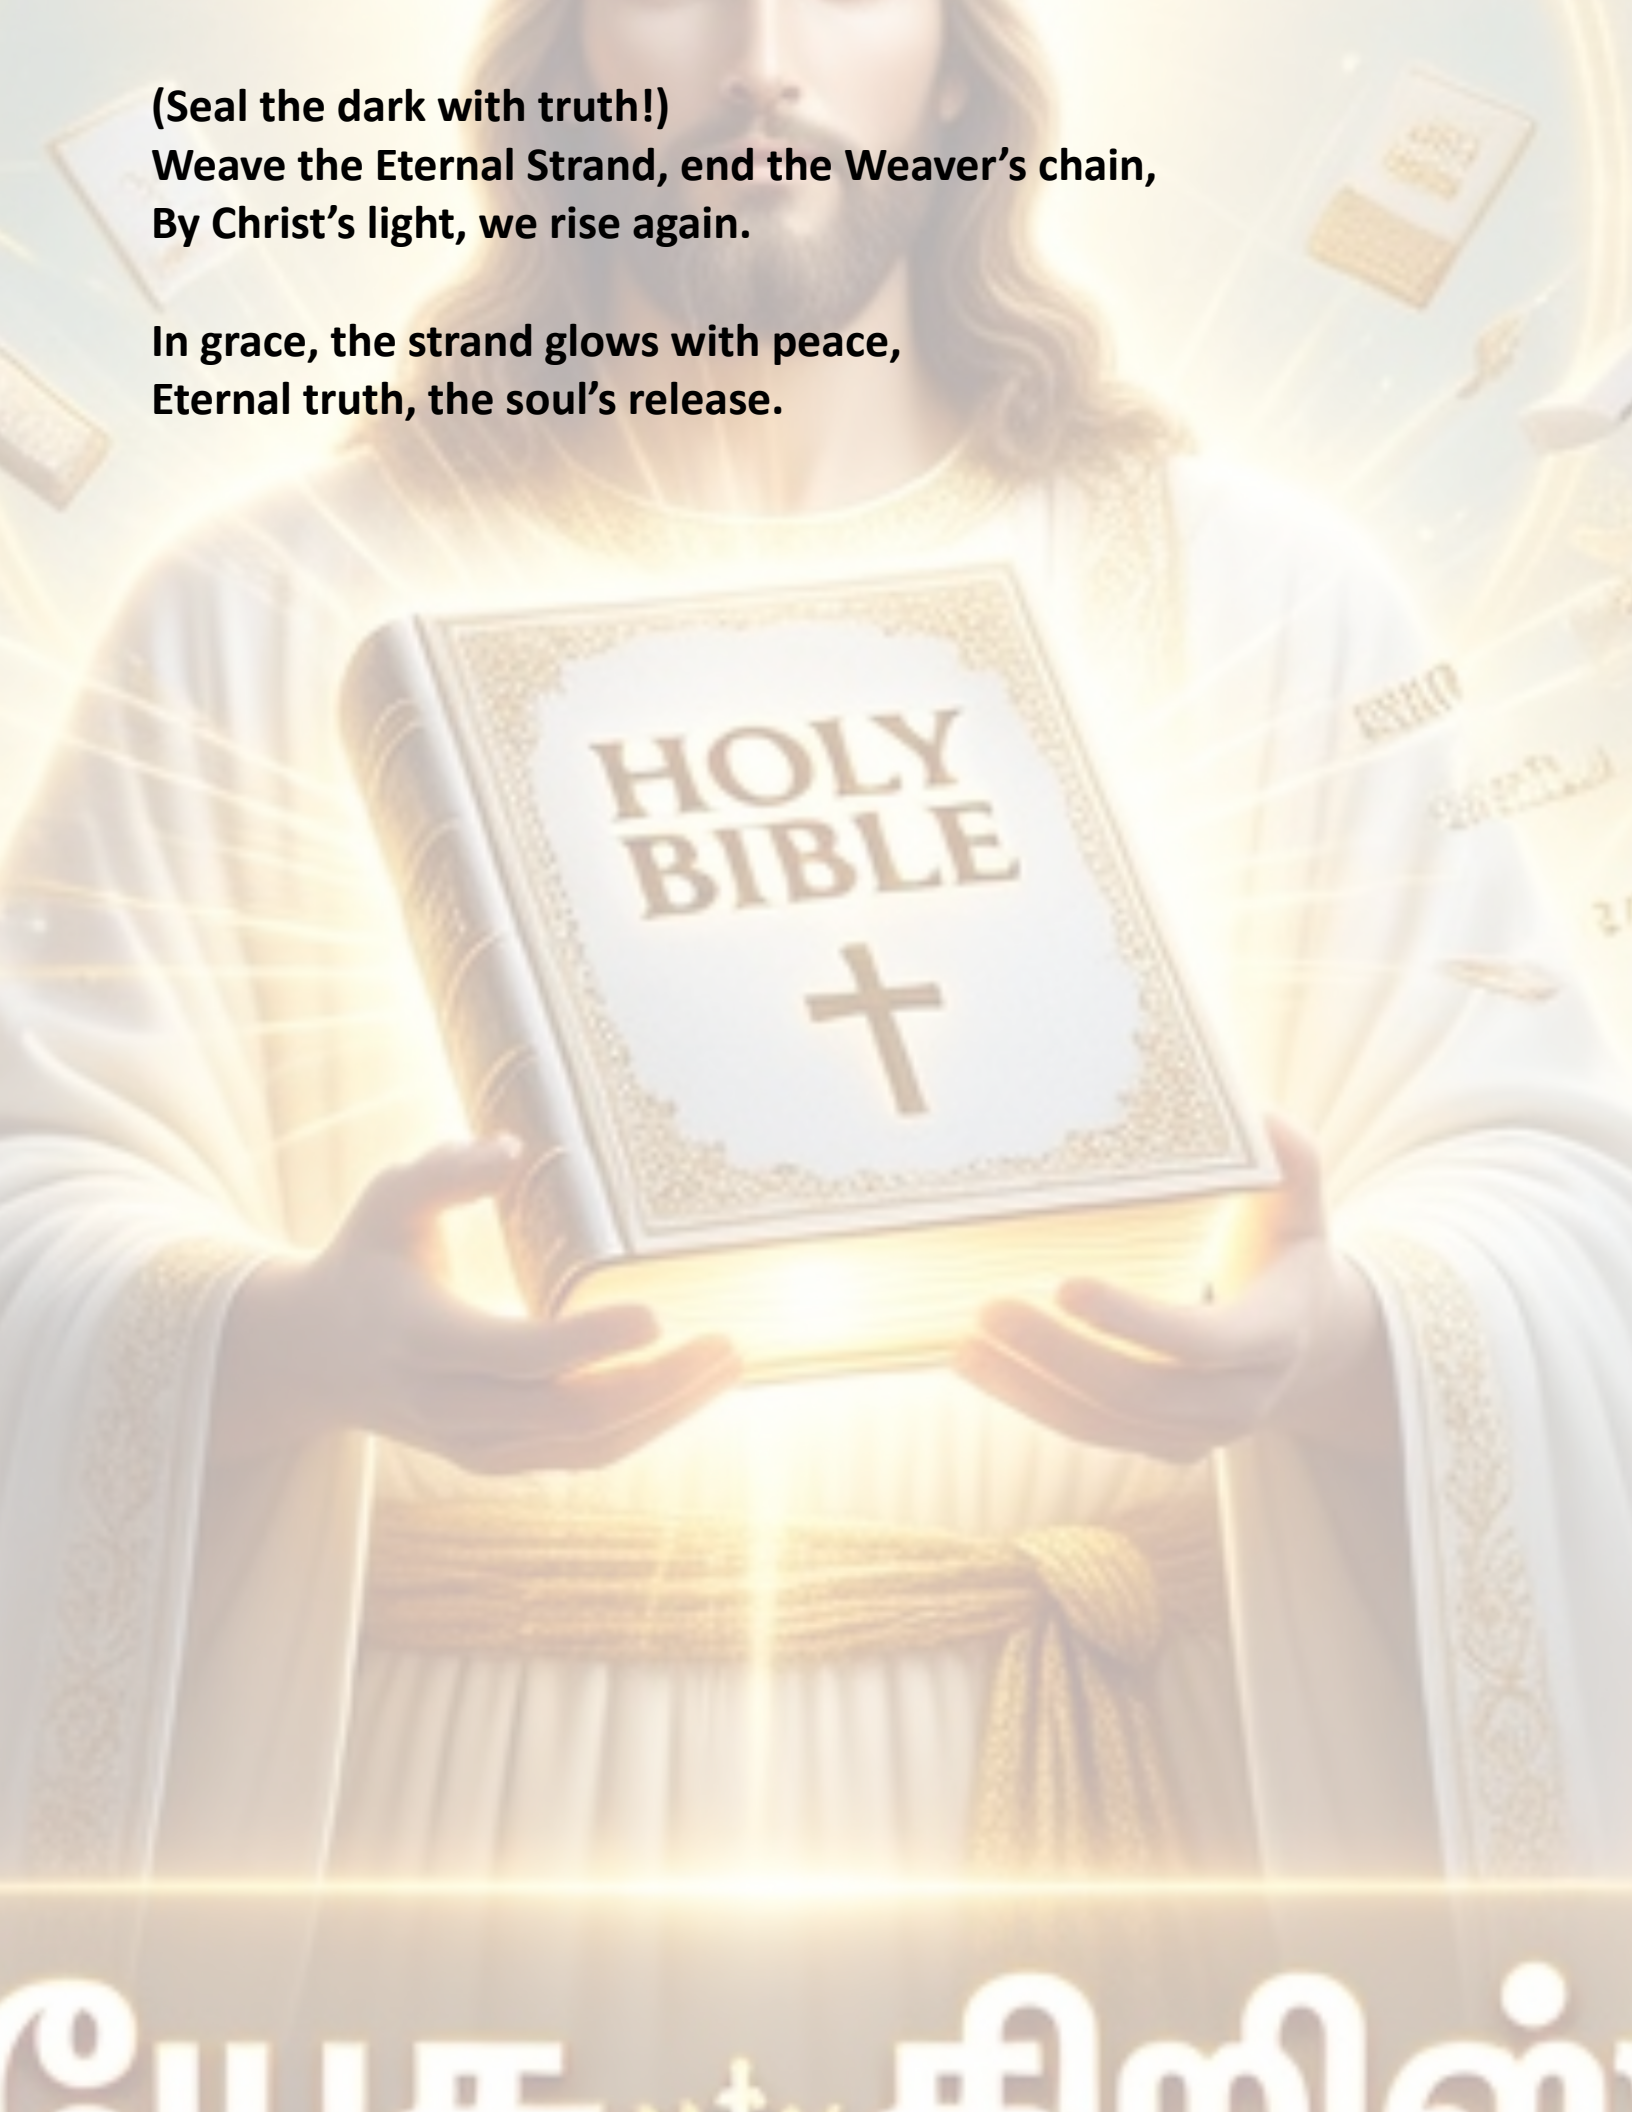
Weaver's hum sparks the fear,
Order's echo draws us near.
(Raise the strand, oh Lord!)

Weave the Eternal Strand, cut the false domain,
Bind the fractured realms, restore the reign.
(Seal the dark with truth!)
Weave the Eternal Strand, end the Weaver's chain,
By Christ's light, we rise again.

From Mumbai's cry to Seoul's stand,
Truth weaves hope across the land.
(Threads break! Souls awake!)
MOSSAD, IDF, and health set free,
A woven pulse for destiny.

Light cuts the Veil's deceptive design,
Harmony weaves where shadows decline.
(Shine and weave, hallelujah!)

Weave the Eternal Strand, cut the false domain,
Bind the fractured realms, restore the reign.



(Seal the dark with truth!)
Weave the Eternal Strand, end the Weaver’s chain,
By Christ’s light, we rise again.

In grace, the strand glows with peace,
Eternal truth, the soul’s release.
